

## Images and Text for the BTG Catalogue of Weavers' Marks

You may type into this PDF if that works for you, save it with your name and email it to [webmanager@thebritishtapestrygroup.co.uk](mailto:webmanager@thebritishtapestrygroup.co.uk) - otherwise just sent the information detailed in an email.

**Image:** Take a photo of your mark with a little of the surrounding area, so that we can crop it to be displayed to its best advantage. Depending on whether your mark is fairly square, very portrait or very landscape, you may want to include more or less of the surrounding area. If it is landscape, include more at top and bottom, portrait at either side.

Images will be cropped to 625 x 500 pixels – a ratio of 10:8. if you have the knowledge and means to edit your image, send it 625 x 500 pixels. Otherwise, if using iPhone or Android, send on either 'Large', 'Full Size' or 'Actual Size' and they will be edited.

**NB:** dimensions are Width x Height.

For **copyright** purposes name your image files with your full name, e.g. 'JOE BLOGGS-Weavers Mark'.
